Important information for vendors, information booths and musicians with an info booth

Dear exhibitors, participants and supporters of the International Country Music Meeting 2023,
we'd like to give you some important notes for a cooperation without any complications.

general information:

- The deadline date is just an indicative date and not definitely authoritative. The earlier the stand applications arrive, the easier it is for us to prepare. The event can only take place without any problems if we have the complete stand plans and applications for this event in our hands and can submit them to the authorities in good time. Especially because of the Fontane House reconstruction with even more escape doors, sprinkler system etc. this is very helpful in advance.
- To make the organization for the International Country Music Meeting easier, we kindly ask all musicians and exhibitors, who are interested in presenting themselves at the International Country Music Meeting, to fill out the application forms clearly and send these forms to our office. Especially phone numbers and email addresses have to be written clearly - it will save us a lot of "detective work".
- Should the event have to be cancelled due to bad weather, epidemics or official orders, the organizer does not assume any liability for travel or accommodation costs already incurred.

for musicians and information booths:

- Musicians / artists who wish to share the stand space with other musicians / artists must inform us of this in advance on the stand application.
- The information stands must be occupied continuously. It is not permitted to rent stand areas that are only equipped with information material, as unoccupied tables are used to store foreign flyers and empty glasses / cups and this leaves a messy impression on the visitors.
- Information booths of artists, clubs and media present / sell only their registered products and no western trade goods like cowboy hats, shirts or similar, unless there is an advertising print of their band / club etc. on the products.
- The attachment of advertising media to the walls of the stand is only permitted with adhesive strips or other fasteners that can be removed 100% residue-free. **The attachment of advertising media, posters or flyers outside the rented stand area (including on the stages) is prohibited.** Exception: Roll-Up's may of course be set up at the stages for the duration of the performance as long as they don't block banners or Roll-Up's of our sponsors.
- After the event, the attached advertising media must be removed by the exhibitor without damaging the walls. Wildly glued advertising media will be removed by the organizer. It is prohibited to stick self-adhesive stickers on doors, walls, tables, chairs, glasses or other surfaces in the Fontane Haus! These will be removed by the organizer for a fee. If damage is found when removing the stickers, the professional repair of this damage will be charged. It is irrelevant whether the musician(s) applied the stickers themselves or only distributed them to third parties.

more important information for all exhibitors and vendors:

- After receipt of your application, we will send you a confirmation after having checked the booth spaces still available. Latest end of the year we will also send you an invoice. If the invoice is not paid on time, the booth space will be given to another exhibitor/vendor.
- Every exhibitor/vendor up to 3 metres receives 2 (two) exhibitors wristbands, up to 6 metres 4 (four) exhibitors wristbands free of charge. Exhibitors wristbands exceeding this amount can be requested for a fee of 25,- € per wristband. Musicians do NOT get extra vendors wristbands except they haven't ordered the maximum amount of wristbands for accompanying persons (see form "band / artist application").
- It is important to ensure that the exhibition booths are presented in a visually appealing form.
- Stands or tables are to be brought along if possible, but can also be rented on request (for prices see stand registration form). Required cable drums, power strips, lighting up to 500 watts etc. must be brought along (everything in perfect technical condition)! We would welcome energy-saving lighting / LED spotlights.
- A portable fire extinguisher is to be brought along. Pavilions or stands with tarpaulins are not permitted for fire police reasons! The sales stands and decorations must all be flame resistant according to DIN B1.
- It is forbidden for commercial stand holders to sublet or rent their booth space to other companies without prior agreement with the organizer.
- Waste and cardboard disposal will be organized by the organizer. Where cardboard can be stored temporarily until disposal has to be arranged with the organization team of the Country Music Meeting during stand construction.
